

**DELIVERING COMPLEX MEETINGS.
MANAGING RISK. ADVANCING MISSIONS.**

Forums Meetings & Events designs and delivers public engagement initiatives that connect government agencies, destination organizations, industry partners, media, and communities. Our expertise combines strategic event management with stakeholder engagement, hosted buyer programs, press events, familiarization tours, and destination activations that increase awareness, strengthen relationships, and generate measurable economic and community impact.

Our proven 5D Project Delivery Method provides a disciplined framework for managing every engagement from concept to completion. We begin with **Discovery** to define objectives and requirements, **Design** solutions that align with the client's mission, **Deliver** through precise execution and operational excellence, leverage **Data** to measure performance and outcomes, and **Duplicate** success by documenting best practices and continuously improving future programs.
